8 CARDS TO TRY TOGETHER

Little moments. New possibilities.

One everyday situation.
One curious question.
A helpful next step.

A little reframing at home

Choose one card at a calm moment. Read it together, name a feeling and ask the question. You can use a made-up character, draw an answer or simply talk.

How to use your cards

Print pages 2-3 single-sided at 100% / Actual size. Cut along the dotted borders. Read the possible views as ideas, then invite your child to add their own.

CUT OUT AND KEEP

What else could be true?

Read a card. Explore a possibility. Choose one helpful step.

01 A friend walks past

Your friend walks past without saying hello.

FIRST THOUGHT

"They do not like me."

ASK TOGETHER

What do we know? What are we guessing?

ANOTHER VIEW

Maybe they did not see me. Maybe they were distracted.

A NEXT STEP

I could say hello or check in later.

What else could be true?

02 A tricky question

You cannot work out a question in class.

FIRST THOUGHT

"I am no good at this."

ASK TOGETHER

Is this about one question or everything I can do?

ANOTHER VIEW

This question is difficult for me right now. I can learn a step.

A NEXT STEP

I could ask someone to explain one part.

What else could be true?

03 A game without me

Other children have started a game.

FIRST THOUGHT

"They do not want me."

ASK TOGETHER

Do I know why, or do I need to ask?

ANOTHER VIEW

They may not know I want to join. I can find out.

A NEXT STEP

I could ask to join. If I am repeatedly excluded, I can tell an adult.

What else could be true?

04 A drawing goes differently

Your picture looks different from your plan.

FIRST THOUGHT

"I have ruined it."

ASK TOGETHER

What still works? What could I try?

ANOTHER VIEW

It is different from my idea. I can change one part or make a new version.

A NEXT STEP

I could choose one change or take a break.

What else could be true?

CUT OUT AND KEEP

What else could be true?

Read a card. Explore a possibility. Choose one helpful step.

05 My turn to speak

It is nearly your turn to share an idea.

FIRST THOUGHT

"I will get everything wrong."

ASK TOGETHER

Even if I lose my place, what could help?

ANOTHER VIEW

I might feel nervous. I can pause, use a note or ask for help.

A NEXT STEP

I could practise the first sentence with someone.

What else could be true?

06 The plan changes

Rain means your outdoor plan changes.

FIRST THOUGHT

"The whole day is ruined."

ASK TOGETHER

What am I disappointed about? What is still possible?

ANOTHER VIEW

I wanted that plan. I can feel disappointed and consider another option.

A NEXT STEP

I could suggest two things we can do instead.

What else could be true?

07 Someone finishes first

Another child finishes a task before you.

FIRST THOUGHT

"Everyone is better than me."

ASK TOGETHER

Does finishing first tell the whole story?

ANOTHER VIEW

We may work at different speeds. I can focus on my own next step.

A NEXT STEP

I could keep going or ask about a useful method.

What else could be true?

08 We have different ideas

You and a friend want to play different things.

FIRST THOUGHT

"They never listen to me."

ASK TOGETHER

Is there a way to hear both ideas?

ANOTHER VIEW

We want different things right now. We can talk about turns or another plan.

A NEXT STEP

I could explain my idea, listen and suggest taking turns.

What else could be true?

MAKE THE QUESTION YOURS

Your family's next little moment

Draw or write. A fictional situation works too.

Something that happened

A feeling and a first thought

What we know / what we are guessing

Another possibility

One helpful next step

Start with "That sounds hard" before asking a question. If there is a real problem, help your child get support or make a practical change.
